Testimonials

**Everything was fantastic on the wedding day and we wanted to thank you so very much again. We had lots of people saying how great the venue and the food were so thank you for that and for all your hard work. (Cory & Sarah)*

**Where to start? We recently held our wedding reception here and it was the perfect decision. The venue looked stunning and everyone raved about it. The service and hospitality was fantastic on the day and we received so much support from the staff in the lead up to the event allowing us to achieve our dream reception. I highly recommend hiring the kitchen garden cafe for any function!
(Rachel & Ryan)*

**We held our hand-fasting reception here and Kieran and his team were helpful and accommodating, nothing was too much trouble and they worked hard to make everything as we'd asked for. They made great tasting welcome drinks (alcoholic and none) as guests arrived. The food was delicious and all home cooked and the venue itself with fairy lights and all the plants looked magical. They let us put up a mirror ball in the entrance and bring lots of other kit for evening merriment's on Thursday and Friday and leave them in their office space to be collected the day after the celebrations. (Polly)*

**Our experience at the Kitchen Garden Cafe was perfect from start to finish. We were welcomed into this charming space by Naomi for our first planning meeting. She made us feel welcome and valued from the very start. No idea was too big or too daft. It was Kieran who looked after us through the final planning phases and on the night. We thought at one stage he was more excited than us! What a powerhouse of enthusiasm and ability. This experienced manager turned the place from charming to magical as he transformed the cafe into our venue and ran the event with style and aplomb. Our guests keep mentioning even now how much fun they had and how blown away they were by the location, food and what a great time they had. Thank you to everyone at the Kitchen Garden Cafe.
(Caroline & James)*
